Amber Wings' Vihaa Drone:

The Safe, Smart & Affordable Choice for Farmers

Tired of calling extra labour, spending on manual spraying, and still getting patchy results?

Vihaa is changing the game.

Sprays 30 acres per day (4x faster than manual)

50-70% savings on pesticides and water

Takes 5-7 minutes to cover an acre

Even coverage across every corner of your farm

No stress about rain – sprays even at night

Fully autonomous – map once, spray anytime

Spray What You Want, Where You Want

- Regular & Organic Fertilizers
